This issue is dedicated to Preparing for the hectic time of autumn.

Usually at this time of year people start new **activities**. Only add a new activity if you have a good handle on the ones you are already doing. Feel free to cut activities out of your daily routine so you can enjoy autumn activities such as apple picking and county fairs.

Put a **schedule** in place now that will bring you through the winter. Make time for routine activities such as bill paying and grocery shopping.
